BY BOBBIE KATT

Paintin' Killee over the week end with Gerry Bilbo, Azalea Favre and Myra Monti. They went to the dance at the school and afterward had a slumber party at Carolyn Lader's home. Azalea just had a marvelous time.

WONDER WHY?

News From SJA... The juniors are sponsoring a dance scheduled for February 4. Everybody is invited. The admission is .50 and it's sporty... VALL COME!! That slightly green look on the faces of several girls is the result of over-active imaginations after seeing an educational film on TB Monday... They are expecting to develop hacking coughs any day now... SJA bowed themselves out of Bay High's Tourney by losing to Orange Grove... Orange Grove surprised all by defeating BHS by one point and walking off with first place.

Janelle Egloff is walking on air. Leo Tillman walked off with Pass High's top title MR. PHS... Along with several others, needless to say, Janet Genin hated to see Monday come after a wonderful week end with the one nearest her heart.

According to Linda Auderer, Tommy Kidd is just the MOST. For her birthday Friday he baked her a cake and even gave her a surprise birthday party (Course, he told her about it Monday). But everybody really had a great time.

Speaking of parties, Donna Hoezel threw one at her house for several of her friends... Wonder who she is going to choose for her new beau???

Marsha Blaize, Patsy Favre, Carolyn Buckley and Sheila Heistmann are going to dance in the tableau for the Carnival Ball next Friday. Hear say the girls are doing a good job... Congrats.

The Sub-District Tournaments are to begin this week... They will again be held at Pass High Gym.

Cynthia Brown and her new flame "Bob" plan to do some merry-making next week-end... Johnny Moore is a frequent visitor to Waveland these days... Pat Bourgeois has his heart.

wedding trip to Nassau in the Bahamas. They traveled by plane and on their return will be at home in their newly erected residence, 240 Douglass Drive, in Jefferson Parish.

The bride attended Holy Angels Academy, Dominican Convent and finished her schooling from Loyola University in New Orleans. Her mother was the former Miss Ann Lumus of New Orleans.

Mr. Staehle attended St. Stanislaus in Bay St. Louis, Perkinson Junior College and was graduated from Southwestern College at Lafayette, La. He is the grandson of the late Mr. and Mrs. Fredrick C. Staehle and the late Mr. and Mrs. Louis J. Spori of New Orleans.

Mrs. W. P. Pieri, Dept. Rehabilitation Chairman, introduced Maj. E. A. Hiller, manager of the Biloxi and Gulfport VA Hospitals, who in turn introduced his co-workers. An informative panel discussion followed.

Dept. Legislative Chairman Mrs. Thomas L. Bailey held open house at her home and Mrs. A. Bush, Dept. President, served punch in her suite for an informal gathering of those attending the conference.

The American Legion and Auxiliary State Convention will be held in Biloxi at the Buena Vista Hotel July 8, 9 and 10.

**STUDENT AND SCHOLARSHIP AVAILABLE AT BAY LIBRARY**

A wealth of valuable information concerning the great variety of student aid programs presently available may be found in the new three-volume set of books entitled "Scholarships, Fellowships and Loans" by S. Norman Feingold, which has just been received at the City-County Memorial Library.

These books should be of particular interest to talented high school students who lack the necessary funds to go on with their higher education after graduation.

According to information contained in the jacket of the books, "the author has been an active worker for over 15 years in the field of education and vocational guidance. At present, he is Executive Director of the Jewish Vocational Service of Greater Boston, a community counseling and placement service."

"His interest in scholarships, fellowships and loans extends from his own college days when student aid helped him over some of the financial obstacles. For a long time Dr. Feingold has been interested in career planning for youth, with particular emphasis on the need for offering help to talented but needy youth."

With a rich background of practical experience in the "work-a-day" world as well as in numerous endeavours, he is amply equipped for the difficult task of collecting, evaluating and sifting the mountain of data necessary to compile the exhaustive study.

In addition to the well indexed lists of scholarships, fellowships and loans, the volumes also contain helpful information on career planning and detailed instructions and suggestions for scholarship, fellowship or loan candidate to follow in filing his application.

Scholarship, fellowship and loans listed include those offered by the government, private institutions, private groups and individuals, industry educational programs, labor programs and many others.

Students, parents and educators should find it both interesting and profitable to visit the library to make use of these highly recommended volumes.

Announcement of the receipt of the new books was made by Miss Louise Crawford, librarian, at a meeting of the library board last Friday. Mrs. E. C. Samuel, chairman, presided at the meeting attended by other board members Mmes. Paul Kimbrell, John McDonald, W. L. Argus, Grady Perkins and Rene de Montluzin Jr.

The board also made plans to sponsor a series of book reviews in February, March and April.

## What's Funny About the Comics?

Mr. L. H. Higgins, Director of the Illinois Crime Prevention Bureau, has never put out the objectionable variety and are not interested in doing so. The cartoonists, whose happy characters give us many a hearty laugh, live the serious content of our daily and Sunday newspapers.

BUT THE DANGEROUS "comics," the real cripplers, are the ones which offer short courses in murder, robbery, rape, cannibalism, sadism and virtually every other form of crime, degeneracy and horror.

Sometimes these "comics" carefully map out the minutest details of a crime. They glamorize criminality to the end that crime does pay if one is sufficiently ruthless and clever; killing is viewed as a proper means of developing self-confidence.

THE EFFECT of all this on a child is obvious. Often he is tempted to imitate what he reads; he certainly becomes more inclined to antisocial behavior.

Prevention is the united responsibility of all our citizens. Comic book publishers should be made to keep the high standards we have a right to expect. Parents and citizens' groups have already exercised a splendid influence in this regard.

EVEN YOUNGSTERS themselves have shown a serious-minded willingness to tackle the problem. We oldsters can give these boys and girls, for what it's worth, the benefit of our experiences and skills. All these added to their God-given strength, intelligence, fortitude, and dedication will keep our country sound.

ONE OF THE WORST of these cripplers is the "crime comic." Wearing a microscope versions of the "funnies," the only part of the newspaper most of us were interested in as kids, these germ-laden trash sheets actually present crime, horror, and violence to the youngsters seeking a dime's worth of relaxation and fun.

Of course, crime and horror books represent but a fraction of the comic book industry. Some comic book publishers

## HOBO PARTY IS HILARIOUS

A hilarious evening was spent at the home of Mr. and Mrs. Jack Foosele, Clermont Harbor, recently when they entertained about twenty guests at a "Hobo Party."

Costumed in original conceptions of hobo garb, the guests arrived in a group for the merry-making. Clever invitations, written in black crayon on scraps of brown paper bags had been sent out by the hosts.

Unusual games were played, and tickets for a soup line were distributed to each guest.

Mrs. George Stevenson won an entrance prize, and Mrs. Louise Becker won a large basket of

## 12 TREE FARMERS IN COUNTY AS STATES TAKES LEAD IN NUMBER OF TREE FARMS

Information recently received by Area Forester Marion Parker reveals that Mississippi has been leading all states in the nation since November 1, 1935, in the number of tree farmers.

Parker said that Mississippi now has over 800 certified tree farmers and that 13 of these tree farmers are in Hancock County. The first landowner in Hancock County to receive certification as a tree farmer was Otto Bester on Rt. 3, Piquette, Miss., that time 12 other landowners have become certified tree farmers. In the order in which they were certified, they are: J. S. Shaw, Perkinston, James L. Crump, Bay St. Louis, International Paper Co., Mobile, Ala., E. Coney Weston, Kiln, Henry F. Gustine, New Orleans, La., Jack Lott, Kiln, Augustus Elmer Jr., Pass Christian, Leo W. Seal, Bay St. Louis, W. J. Gex Jr., Bay St. Louis, Sam Whitfield, Bay St. Louis, Dr. Emmett L. Irwin, Bay St. Louis, Clyde A. Brooke, New Orleans.

More intent on the part of a landowner will not certify him as a tree farmer. He must be practicing good forest management, good fire protection, selective cutting, etc. to become qualified as a tree farmer. Many landowners in Hancock County are qualified to become tree farmers if they would just apply for certification,

said Area Forester Parker. Some landowners believe that they must have their timber land in perfect shape to become qualified. That is not necessary, said Forester Parker.

Some landowners do have enough money to do all the timber stand improvement work, planting of pine trees, etc. to put their timber land in good shape and become tree farmers in possibly a year's time. However, many landowners have become qualified tree farmers by following a plan of doing a certain number of acres of timber stand improvement, planting of pine seedlings, etc. each year over a period of years.

Landowners who are following such a plan of improving their woodlands are qualified to become certified tree farmers even though they may not have completed the plan to date.

Other landowners who have just started doing some timber stand

Mrs. Alphonse Favre celebrated their recent marriage gathering of friends and relatives this past week at Melville. The double ring ceremony carried out and the blessing of the marriage was solemnized by the Rev. M. J. Costello of St. Clare's Catholic Church.

A delicious wedding cake and punch were served to the guests, about 80, who were present.

Mrs. Favre is the former Mrs. Edna Bourgeois of Waveland. This column extends the best wishes possible to this couple.

—W-W—

Don't forget the date! Attend the big dance at the Top Hat on February 11. All proceeds to go to the Waveland Fire Department. This is one of Waveland's most worthy causes, so give it your support.

—W-W—

W. Miller of the Bay St. Louis Methodist Church was in charge of the morning worship at the Waveland Methodist Church last Sunday. His message was appreciated and thanks are extended to Mr. Miller by the members of the Methodist group.

—W-W—

Happy birthday greetings (a little belated, but still well meant) are extended to Master Mickey

McGill upon the celebration of his fifth birthday. He celebrated his party with a gathering of "little people."

—W-W—

Everyone was grateful to hear that the young son of Mr. and Mrs. Travis Bozeman who was struck by a car Saturday evening was not seriously injured. The youngster was taken to the hospital in Bay St. Louis and after an examination was allowed to return home with his parents.

—W-W—

T. H. Brockman Jr., Ott Brockman, visiting from Hattiesburg, and Norman Hall had a fishing trip to the Keys Sunday. The trip, made in T. H. Brockman's class new Lyman hull, was most enjoyable. No fish!

—W-W—

Mr. and Mrs. Alton Jackson of New Orleans spent a day last week with Mr. and Mrs. Roger Bordages and Mrs. Laura Carrio. The group motored to Gulfport and visited their uncle, W. B. Jackson and Mrs. Jackson. Roger Bordages was unable to join them due to a recent attack of virus. Mr. Bordages was back at work this week, however, in the Waveland Food Store and his many friends hope that his recovery will be permanent this time.

—W-W—

The girls' basketball team of the Waveland School with another victory under their belts—their defeated St. Joseph girls for the second time last week—will make the trip to Lakeshore Wednesday afternoon to try their luck on the courts once again. According to all reports this group has really shown a great deal of improvement since the beginning of the season and should go on to new laurels.

The boys' team continues to try and in spite of continued losses maintains their spirit. Good Luck.

—W-W—

Sympathy is extended to the family of Mrs. William Ed McConnell who died last week. Mrs. McConnell lived with her daughter and son-in-law, Mr. and Mrs. Birch Bankston of Clermont Harbor.

Her aunt, Mrs. Earl Wilkin, was godmother and her uncle, Luke S. Elliott, godfather.

**MARDI GRAS PLANS PROGRESS**

Much progress has been made by the various committees for the Mardi Gras Day celebration which is sponsored each year by the Bay Central PTA.

The parade of the Krewe of Chicapoula will start at 2 p.m. Feb. 14 from Bay High School and immediately following the parade the presentation of the court and entertainment will be held at Bay High Gymnasium.

The theme of the floats this year is "State Flowers and Birds."

Mrs. Paul Miller, Chairman of the float committee, says that she has already had a number of float entries, and anyone else desiring to enter a float may do so by calling her, phone 142-W, not later than February 10.

Continued from page one

My duties as your Deputy Tax Assessor included examining the tax rolls, assessing taxes, Homeowner Exemptions and the many other duties related to a Tax Office. I believe many say could be written, but still one could not cover the full operations and duties performed in this office. I believe this experience alone would qualify me as your candidate for Commissioner, but I have had other valuable experience that further adds to my qualifications. I have had a very important administrative job as your Housing Director of the City of Bay St. Louis. During the past two years I have had the direct responsibility of disbursing approximately one-half million dollars in your community as Director. My administrative records are among the best in the entire district of several states and I have received commendations from the Atlanta Field Office for my work in this capacity on many occasions.

In the field of property values, and they will play an important part of your Commissioner, I have been for several years a Certified Appraiser for the Federal Government and in this capacity have worked as a Field Appraiser for the Veterans Administration. Further in this field I have represented several major insurance companies as an appraiser. I think it unnecessary to further list the positions which I have held in the past years as I feel certain that you know that they were either directly or indirectly related to the duties of a City Commissioner.

As to my personal background I am a Native of Bay St. Louis, Miss. I received my education at St. Joseph's Academy and at St. Stanislaus College from which institution I was graduated. I am married to the former Margaret Dubulson and we have three children.

I am vitally interested in the Civic betterment of your Commu-

By. I have been in the community for many years. I am past President of the Hancock County Junior Chamber of Commerce and presently a member of its Executive Board. I am a member of the Selective Board of the County, organized Magnolia State Boys Town at Laurel, Miss. as a situation that will serve the underprivileged and delinquent youth. I am a Committeeman on your local Red Cross Chapter. I have served the Veterans of the County having once served as a Service Officer without remuneration for many months.

I am presently serving my second term as Grand Knight of the LeDuc Knights of Columbus and I am active in my Church functions.

Before closing this announcement I would like to make it clear to everyone that I entered this campaign without promise of support from any political faction or group and I shall continue to solicit the votes of individuals, regardless of their affiliations, Creed or Color and I shall keep my campaign clear of all factions.

I earnestly want your support as an individual as I firmly believe one can serve all of the people well if he is free to be open minded to all, weigh all matters on their own merits and render a fair and just decision. This I shall always strive to do WIN OR LOSE.

I respectfully request that you weigh my qualifications and do what you believe is just and right on February 18th, 1956.

God willing, I hope to serve you as your City Commissioner.

GEORGE E. HEITZMANN
